NHS Community Providers

Local Consultant Eye Surgeon, Mr Andrew Needham, established the community based NHS service in 2007 with a team of dedicated medical staff to prevent the people of Cheshire having to travel over 50 miles for specialist NHS eye care.

The service has now grown to provide treatment for patients across several NHS Trusts in the North West of England. It focuses on macular conditions such as Age Related Macular Degeneration (AMD), Retinal Vein Occlusions and Diabetic Retinopathy.

With over a decade of success, our award winning service continues to provide a top quality care for patients. Eyecare Medical have established clinics in Macclesfield, Northwich and Eastham, Wirral.

Eyecare Medical fully comply and exceed all CQC and regulatory body compliance.
